Depending on your business type, which customers you need to reach (and where they frequent) **and** what type of promotions you want to do, we'll work with you to select the **right type of marketing plan for your industry and budget.**

We "Go to War" for you...

Our Marketing provides a long-term, on-going stream of leads (unlike paid advertising which disappears the second you stop paying) . With our methods - you will continue to get new leads finding you from our efforts for years to come!

We 'Go to War' for you, meaning that we investigate where the gaps are, closely look at what your competitors are doing, what you need to be doing to get ahead of them, and strategize on your behalf and take the steps needed to get you found by your customers - all without you having to lift a finger.

No Contracts - No Risk.

There are no minimum contracts – this is what separates us from the competition - **we're going to prove to you every month that you made the right decision** by not "holding you hostage" with anything - even your online real estate will always be accessible and owned by you so that you can take comfort in being able to leave at any time with absolutely no risk to you or any of your online campaigns.

You pay monthly in advance and can stop the campaign at anytime* with no penalty or fees.

If you start to get too much business or get sick, etc. you can even pause the campaign and just pick it up again whenever you need extra business.

*It is recommended that you follow through with at least the first 6 months so that all methods of marketing have been fully implemented so you can get accurate insight into exactly which part of the marketing is bringing in the most amount of leads for you.

"Extremely happy with the finished project. This is by far one of most pleasing and dedicated people I've ever worked with. I highly recommend any services they offer. I'm confident that they will take care of you as they have for myself & many others."
- Kornell Lloyd - Marketing Director

Hands-Free Marketing

3 Steps to Maximum Success

Step One: **Getting to Know Your Biz**

Before you start any kind of marketing, you need a “plan” and so our first step is to make sure we understand your business, what your business goals are and help you clarify and understand the best plan-of-action for your online marketing campaign.

What do you need (more leads? more clients? more sales? more exposure? branding? a new product? membership-site? affiliate program? etc.)

Step Two: **Create a Plan**

We tailor-make a turn-key marketing &/or website solution matched to your business goals and create a plan to leverage maximize exposure to your target market.

Step Three: **Implement Plan**

We implement the plan immediately and do everything for you! Each month, we prove to you that you have made the right decision by getting your phone ringing, or getting more clients, or getting more leads.

We're on YOUR side - we're here to help you grow your business.

Automatic Marketing - Our 6 Month Auto-Pilot Campaign

Our 6 month marketing campaign is a "ready-made" case-study proven plan that has already been developed and tested for maximum results.

It gives Local Business Owners access to the best online marketing techniques with huge leverage methods and long-term 'stickiness'.

This 6 month plan can be used for many different types of business - it's an online marketing blueprint that was designed specifically for local businesses to bring an affordable, yet mighty powerful "done for you" solution that brings effective and **long-term search engine results**.

All our marketing plans are flexible and this one is no different - months can be switched around and anything inside the plans can be adjusted on an as-needed basis to match what is needed for your business right now. i.e. If you have a newsworthy event coming up, we can easily switch to the Press Release/Media month, etc.
